WARNING

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

To avoid electrical shock, do not open the cabinet. Refer servicing to qualified personnel only.

Do not expose batteries or appliances with battery-installed to excessive heat, such as sunshine and fire.

CAUTION

The use of optical instruments with this product will increase eye hazard. As the laser beam used in this Blu-ray Disc/DVD player is harmful to eyes, do not attempt to disassemble the cabinet. Refer servicing to qualified personnel only.

This label is located on the laser protective housing inside the enclosure.

This symbol is intended to alert the user to the presence of uninsulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Precautions

- To prevent fire or shock hazard, do not place objects filled with liquids, such as vases, on the apparatus.
- Install this unit so that the AC adaptor can be unplugged from the wall socket immediately in the event of trouble.
- This equipment has been tested and found to comply with the limits set out in the EMC Directive using a connection cable shorter than 3 metres.
- The player is not disconnected from the AC power source as long as it is connected to the wall outlet, even if the player itself has been turned off.
- To reduce the risk of fire, do not cover the ventilation opening of the appliance with newspapers, tablecloths, curtains, etc.
- Do not expose the appliance to naked flame sources (for example, lighted candles).
- Do not install this player in a confined space, such as a bookshelf or similar unit.
- If the player is brought directly from a cold to a warm location, or is placed in a very damp room, moisture may condense on the lenses inside the player. Should this occur, the player may not operate properly. In this case, remove the disc and leave the player turned on for about half an hour until the moisture evaporates.

On AC adaptor

- Use the supplied AC adaptor for this player, as other adaptors may cause a malfunction.
- Do not disassemble or reverse-engineer.
- Do not confine the AC adaptor in a closed place such as a bookshelf or an AV cabinet.
- Do not connect the AC adaptor to a traveler’s electric transformer, which may generate heat and cause a malfunction.
- Do not drop or apply shock.

For United States customers. Not applicable in Canada, including in the province Of Quebec.

Pour les consommateurs Aux États-Unis. Non applicable au Canada, y compris la province de Québec.

FCC WARNING

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The shielded Interface cable (LAN cable) must be used with the equipment in order to comply with the limits for a digital device pursuant to Subpart B of Part 15 of FCC Rules.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions; (1) this device may not cause interference, and (2) this device must accept any interference received, including interference that may cause undesired operation of the device.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio
communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

For United States customers. Not applicable in Canada, including in the province of Quebec.

Pour les consommateurs Aux États-Unis. Non applicable au Canada, y compris la province de Québec.

FCC Radiation Exposure Statement
(BDP-S3200/BX320/SS200/BX520 only):
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person’s body (excluding extremities: hands, wrists, feet and ankles).

IC Radiation Exposure Statement
(BDP-S3200/BX320/SS200/BX520 only):
This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment and meets RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person’s body (excluding extremities: hands, wrists, feet and ankles).

Contains FCC ID : MCLJ20H078
Contains IC : 2878D-J20H078

For United States customers. Not applicable in Canada, including in the province of Quebec.

Pour les consommateurs Aux États-Unis. Non applicable au Canada, y compris la province de Québec.

Important Safety Instructions
1) Read these instructions.
2) Keep these instructions.
3) Heed all warnings.
4) Follow all instructions.
5) Do not use this apparatus near water.
6) Clean only with dry cloth.
7) Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11) Only use attachments/accessories specified by the manufacturer.
12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13) Unplug this apparatus during lightning storms or when unused for long periods of time.
14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Owner’s Record
The model and serial numbers are located at the rear of the unit. Record the serial number in the space provided below. Refer to them whenever you call upon your Sony dealer regarding this product.

Getting Started

Remote

The available functions of the remote are different depending on the disc or the situation.

1. OPEN/CLOSE
   Opens or closes the disc tray.

2. TV- INPUT
   Switches between TV and other input sources.

3. TV- / (on/standby)
   Turns on the TV, or sets to standby mode.

4. TOP MENU
   Opens or closes the BD’s or DVD’s Top Menu.

5. POP UP/MENU
   Opens or closes the BD-ROM’s Pop-up Menu, or the DVD’s menu.

6. OPTIONS
   Displays the available options on the screen.

7. RETURN
   Returns to the previous display.

8. / as a shortcut key for track search during music CD playback.

9. Center button (ENTER)
   Enters the selected item.

10. HOME
    Enters the player’s home menu.

11. Displays the wall paper when pressed on the category icon of the home menu.

12. SEN
    Accesses the “Sony Entertainment Network™” online service.

13. NETFLIX
    Accesses the “NETFLIX” online service.

   For further NETFLIX online service details, visit the following website and check the FAQ:
   http://www.sony.com/bluraysupport/

The player automatically returns to standby mode

If any button on the player or remote is not pressed for more than 20 minutes, the player automatically returns to standby mode.

</table>
Step 1: Connecting the Player

Do not connect the AC adaptor until you have made all the connections.

**Connecting to your TV**

Connect the player to your TV with a High Speed HDMI Cable.

* See “Supplied accessories” (page 15).

**Connecting to your AV amplifier (receiver)**

Select one of the following connection methods according to the input jacks on your AV amplifier (receiver). When you select A or B, make the appropriate settings in the [Audio Settings] setup.

* See “Supplied accessories” (page 15).
Step 2: Preparing for Network Connection

Wired Setup

Use a LAN cable to connect to the LAN (100) terminal on the player.

Wireless Setup (BDP-S3200/BX320/S5200/BX520 only)

Use the wireless LAN that is built into the player.

Step 3: Easy Setup

When turned on for the first time
Wait for a short while before the player turns on and starts [Easy Initial Settings].

1 Insert two Size AAA (R03) batteries by matching the ± ends on the batteries to the markings inside the battery compartment of the remote.

2 Connect the supplied AC adaptor in the numeric order shown below. When removing them, do so in reverse order.

3 Press I/Ô to turn on the player.

* Turns on the player, or sets to standby mode.
4 Turn on the TV and set the input selector on your TV. This will show the signal from the player on your TV screen.

5 Perform [Easy Initial Settings].

Follow the on-screen instructions to make the basic settings using < / > / \ / and ENTER on the remote.

When [Easy Initial Settings] is complete, select [Easy Network Settings] to use the network functions of the player.
Playing a Disc

For playable discs, see page 13.

1 Press OPEN/CLOSE, and place a disc on the disc tray.

2 Press OPEN/CLOSE to close the disc tray. Playback starts. If playback does not start automatically, select in the [Video], [Music], or [Photo] category, and press ENTER.

Enjoying BONUSVIEW/BD-LIVE

1 Connect a USB memory to the USB jack on the player. Use a 1 GB or larger USB memory as your local storage.

2 Prepare for BD-LIVE (BD-LIVE only).
   - Connect the player to a network (page 8).
   - Set [BD Internet Connection] in [BD/DVD Viewing Settings] setup to [Allow].

3 Insert a BD-ROM with BONUSVIEW/BD-LIVE.
   The operation method differs depending on the disc. Refer to the instruction manual supplied with the disc.

Playing from a USB Device

For “Playable types of files”, see page 13.

1 Connect the USB device to the USB jack on the player.

2 Select [Video], [Music], or [Photo] category on the home menu using < or >, and press ENTER.

Playing via a Network

Enjoying Sony Entertainment Network

Sony Entertainment Network serves as a gateway, delivering the selected Internet content and a variety of on-demand entertainment straight to your player.

1 Connect the player to a network (page 8).

2 Press SEN button on the remote.
3 Select an Internet content and a variety of on-demand entertainment using ◄/↑/↓/►, and press ENTER.

- Some Internet content requires registration via a PC before it can be played.
  For further details, visit the following website:
  http://www.sony.com/bluraysupport/
- Some Internet content may not be available in some regions/countries.

Playing files on a Home Network (DLNA) (BDP-S3200/BX320/S5200/BX520 only)

A DLNA-compatible product can play video/music/photo files stored on another DLNA-compatible product via a network.

Prepare to use DLNA.
- Connect the player to a network (page 8).
- Prepare the other necessary DLNA-compatible products. Refer to the instruction manual supplied with the product.

To play a file from a DLNA server via this unit (DLNA player)

Select the DLNA server icon from [Video], [Music], or [Photo] category, then choose the file you want to play.

To play a file from a DLNA server via another product (Renderer)

When you play files from a DLNA Server on this unit, you can use a DLNA Controller-compatible product (a phone, etc.), to control playback.

Control this unit using a DLNA controller. Refer to the instruction manual supplied with the DLNA controller.

Using “TV SideView” (BDP-S3200/BX320/S5200/BX520 only)

“TV SideView” is a free mobile application for remote devices (such as smartphone, etc.). By using “TV SideView” with this player, you can easily enjoy the player by using the operation on your remote device. You can launch a service or application directly from the remote device and view the disc information during disc playback. “TV SideView” also can be used as a remote control and software keyboard.

Before you use the “TV SideView” device with this player for the first time, be sure to register the “TV SideView” device. Follow the on-screen instructions on the “TV SideView” device for registration.

To use the “TV SideView” device with this player for the first time, be sure to register the “TV SideView” device. Follow the on-screen instructions on the “TV SideView” device for registration.

- The registration can only be performed on the Home Menu.

Using Screen mirroring (BDP-S3200/BX320/S5200/BX520 only)

“Screen mirroring” is a function to display the screen of a mobile device on the TV by Miracast technology.

The player can be connected directly with a Screen mirroring compatible device (e.g. smartphone, tablet). You can enjoy the display screen of the device on your large TV screen. No wireless router (or access point) is required to use this feature.

- When using Screen mirroring, the quality of picture and sound may sometimes be deteriorated due to interference from other network.
- Some network functions may not be available during Screen mirroring.
- Make sure that the device is compatible with Miracast. Connectivity with all Miracast compatible devices is not guaranteed.

1 Select [Screen mirroring] from [Input] category on the home menu using ◄/►, and press ENTER.

2 Follow the on-screen instructions.
Browsing Websites
(BDP-S3200/BX320/S5200/BX520 only)

You can connect to the Internet and enjoy websites.

1. Connect the player to a network (page 8).
2. Select  [Network] on the home menu using < / >.
3. Select  [Internet Browser] using M / m, and press ENTER.

This browser does not support some websites functions, and some websites may not be shown correctly.

To view browser display
Press DISPLAY to check the website display. The display information differs depending on the website and page status.

To select available options
Press OPTIONS for various settings and operations. The available items differ depending on the situation.

To quit the Internet browser
Press HOME.

Software Update

1. Select  [Setup] on the home menu using < / >.
2. Select  [Software Update] using ↑ / ↓, and press ENTER.

[Update via Internet]
Updates the player’s software using available network. Make sure that the network is connected to the Internet. For details, see “Step 2: Preparing for Network Connection” (page 8).

[Update via USB Memory]
Updates the player’s software using USB memory. Make sure that the Software Update Folder is correctly named as “UPDATE” and all the update files must be stored in this folder. The player can recognize up to 500 files/folders in a single layer including the update files/folders.

We recommend performing the software update every 2 months or so.

For information about update functions, visit the following website:
http://www.sony.com/bluraysupport/
**Additional Information**

**Playable discs**

<table>
<thead>
<tr>
<th>Blu-ray Disc</th>
<th>DVD</th>
<th>CD</th>
</tr>
</thead>
</table>

*1 Since the Blu-ray Disc specifications are new and evolving, some discs may not be playable depending on the disc type and the version. The audio output differs depending on the source, connected output jack, and selected audio settings.

*2 BD-RE: Ver.2.1, BD-R: Ver.1.1, 1.2, 1.3 including organic pigment type BD-R (LTH type). The BD-Rs recorded on a PC cannot be played if postscripts are recordable.

*3 A CD or DVD disc will not play if it has not been correctly finalized. For more information, refer to the instruction manual supplied with the recording device.
