Precautions

**On safety**
- Should any solid objects or liquid fall into the CD player, unplug it and have it checked by qualified personnel before operating it any further.
- Do not set any foreign objects in the DC IN 4.5 V (external power input) jack.

**On power sources**
- When you are not using the CD player for a long time, disconnect all power sources from the CD player.

**On the AC power adaptor**
- Use only the AC power adaptor supplied. If your player is not supplied with an AC power adaptor, use an AC-EC900L AC power adaptor*. Do not use any other AC power adaptor. It may cause a malfunction.
- Not available in Australia and some other regions. Ask your dealer for detailed information.
- Do not touch the AC power adaptor with wet hands.
- Connect the AC power adaptor to an easily accessible AC outlet. Should you notice an abnormality in the AC power adaptor, disconnect it from the AC outlet immediately.

**On dry batteries**
- Do not throw the batteries into fire.
- Do not carry the batteries with coins or other metallic objects. It can generate heat if the positive and negative terminals of the battery are accidentally contacted by a metallic object.
- Do not mix new batteries with old ones.
- Do not mix different types of batteries together.
- When the batteries are not to be used for a long time, remove them.
- If battery leakage occurs, wipe off any deposit in the battery compartment, and install new batteries. In case the deposit adheres to you, wash it off thoroughly.

**On the CD player**
- Keep the lens on the CD player clean and do not touch it.
- Do not touch the lenses while driving, cycling, or operating any motorized vehicle. It may create a flat tire and is illegal in some areas. It can also be potentially dangerous to play your headphones at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.

**Troubleshooting**
- Should any problem occur after you have made these checks, consult your nearest Sony dealer.

**Headphones**
- Do not use the headphones while driving, cycling, or operating any motorized vehicle. It may create a flat tire and is illegal in some areas. It can also be potentially dangerous to play your headphones at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.

**Preventing hearing damage**
- Avoid using headphones at high volume. Hearing experts advise against continuous, loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.

**Consideration for others**
- Keep the volume at a moderate level. This will allow you to hear outside sounds and to be considerate to the people around you.

**To clean the plugs**
- If the plugs become dirty, there is no audio or noise is heard. Clean them with a dry soft cloth periodically.

Specifications

**CD player**
- System: Compact disc digital audio system
- Laser diode properties: Non-ionizing, continuous. Exception: Laser output: Less than 44.4 pW (This output is the value measured at a distance of 20 cm from the objective lens surface on the optical pick-up block with 7 mm-aperture.)
- Radio
  - Frequency range: VHF/Low American models
    - 9 kHz step: PM: 87.5 - 108.0 MHz
    - 10 kHz step: PM: 87.5 - 108.0 MHz
  - Other models
    - 9 kHz step: PM: 87.5 - 108.0 MHz
    - 10 kHz step: AM: 531 - 1602 kHz
    - 10 kHz step: PM: 87.5 - 108.0 MHz
  - AM: 530 - 1710 kHz
- Antennas
  - FM: Headphones cord antenna
  - AM: Built-in ferrite bar antenna

**General**
- Power requirements:
  - 1-5 Vdc class A batteries: 3.5 V DC + 2
  - AC power adaptor (DC IN 4.5 V jack): 220 V 50 Hz (Model for China) 230 V 60 Hz (Model for Mexico)
- Dimensions (w/h/d) (without projecting parts and controls): Approx. 195 x 27.9 x 139.8 mm (7.7 x 1.1 x 5.5 in.)
- Mass (excluding accessories): Approx. 207 g (7.4 oz.)
- Operating temperature: 5°C - 35°C (41°F - 95°F)
- Design and specifications are subject to change without notice.
- Supplied accessories: Headphones (1)
- AC power adaptor* (1) (Asian models only)

**Troubleshooting**
- Should any problem occur after you have made these checks, consult your nearest Sony dealer.

"Hold" appears in the display when you press a button, and the CD does not play.
- The buttons are locked. Slide HOLD back.
- The volume does not increase even if you press VOL repeatedly.
- Press and hold SOUND/A VLS until "AVLS" flashes once so that you can cancel the AVL function.

The CD player does not operate properly.
- Moisture condensation has occurred. Leave the player aside for several hours until the moisture evaporates.

**On headphones**
- Road safety
  - Do not use the headphones while driving, cycling, or operating any motorized vehicle. It may create a flat tire and is illegal in some areas. It can also be potentially dangerous to play your headphones at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.

Playing a CD

1. Slide OPEN to open the lid and fit the CD to the player, close the lid.
2. Press PLAY. To play the first track, press PLAY for 2 seconds or more while the CD player is stopped.
   • The CD player plays CD-DA (CD audio) tracks recorded in the quality of the disc and the condition of the recording device.
   • This product is designed to play back discs that conform to the Compact Disc (CD) standard. Recently, various music discs encoded with copyright protection technologies are marketed by some record companies. Be sure that among those discs there are some that do not conform to the CD standard and may not be playable by this product.

Note on DualDisc

A DualDisc is a two sided disc product which mates DVD format to a CD audio disc. The plug shape of the headphones supplied varies depending on the model you purchased.

Tuning in the station quickly

Press and hold TUNE + or – and the frequency digits begin to change on the display. The radio frequencies change in 10 kHz steps and stops when it finds a clear station.

Improving broadcast reception

For FM, switch the headphone cord.

For AM, remove the CD player itself.

To cancel all preset stations

While the radio is turned off and CD play is stopped, press RADIO ON/BAND while you are pressing CLEAR.

Changing the Tuning Interval

When using the CD player abroad, change the AM tuning interval if necessary.

1. While the radio is turned off and CD play is stopped, press RADIO ON/BAND while you are pressing 10 kHz.

2. While the radio is turned off and CD play is stopped, turn the volume knob.
