Television

Getting Started [1]

- Using the Help Guide [2]
- Introducing Android TV [3]
- Downloading apps from the Google Play [4]
- Moving apps to a USB memory device [5]
- Viewing Internet media [6]
- Enjoying content from your mobile device on the TV with Google Cast [7]
- Enjoying safe apps and video streaming services (Security & restrictions) [8]
- Searching by using your voice [9]
- Basic Operations [10]
- Using the remote control [11]
- Home menu [12]
- Using the DISCOVER button [13]
- Using the Action Menu [14]
- Selecting devices that are connected to the TV [15]
- Identifying the status of the TV through illumination [16]
- Illumination LED [17]
- Illumination at the bottom of the screen [18]
- Support Site [19]

Watching TV [20]

- Watching TV programs [21]
- Using the program guide [22]
- Using interactive broadcast TV services [23]
- Watching in 3D (3D models only) [24]
- Understanding the basics of 3D TV (3D models only) [25]
- Preparing your 3D glasses (3D models only) [26]
- Watching TV in 3D (3D models only) [27]
- Enjoying social networking services while watching TV [28]

Using the TV with Other Devices [29]

[2] Getting Started

Using the Help Guide

This Help Guide explains how to use this TV. Additionally, you can also refer to the Setup Guide for descriptions about TV installation, and the Reference Guide for parts descriptions and specifications of this TV.

In this Help Guide, you can read the desired information in order or search for it directly. To search,

For Passive 3D Glasses

If Passive 3D Glasses are supplied with your TV, use them. If no glasses are supplied, purchase a pair of Passive 3D Glasses, model TDG-500P. You can watch in 3D by just putting the Passive 3D Glasses on.

For Active 3D Glasses

If Active 3D Glasses are supplied with your TV, use them. If no glasses are supplied, purchase a pair of Active 3D Glasses, model TDG-BT500A. Before using the Active 3D Glasses for the first time, you need to register them to your TV. Follow the steps below.

- 1 Remove the battery's insulation sheet.

- 2 Turn the TV on, then hold the glasses within 50 cm (1.6 ft.) of the TV.

- 3 Press and hold the  (Power) button/indicator on the glasses for 2 seconds.

The Active 3D Glasses turn on and registration starts (the  (Power) button/indicator blinks green and yellow). When registration is finished, a message appears in the TV screen for 5 seconds, and the indicator lights up in green for 3 seconds.

If registration fails, the Active 3D Glasses will turn off automatically. In this case, repeat the procedure above.

- 4 Put the Active 3D Glasses on.
