* Measured value by the standard of JEITA (Japan Electronics and Information Technology Industries Association). (Using a Sony HF series cassette tape.)
**When using a Sony LR6 (SG) “STAMINA” alkaline dry battery (produced in Japan).

Note

- The battery life may be shorter depending on the operating condition, the surrounding temperature and battery type.

---

**Preparations**

To use the hand strap

1. Unfasten the buckle.
2. Open the cassette lid.
3. Release the catch to open the battery compartment lid and insert one size AA (R6) dry battery with correct polarity.

When to replace the battery

- Replace the battery with the new one when "A" flashes in the display.

To replace the battery

1. Unfasten the buckle.
2. Pull the ribbon up slowly and replace the battery with a new one.

---

**Playing a Tape**

1. Unfasten the buckle.
2. Open the cassette lid and place a cassette.
3. Press MENU repeatedly to set the cursor to TAPE in the display. Then press SET to select the tape type.
4. Press the button:
   - Adjust the volume with VOLUME.
   - To increase the volume, turn VOLUME right.
   - To decrease the volume, turn VOLUME left.

PRESETTING RADIO STATIONS

You can preset up to 40 radio stations, 7 for TV, 4 for WEATHER, 24 for FM and 5 for AM.

PRESETTING AUTOMATICALLY SCANNED STATIONS

1. Press TV/WEATHER or FM/AM.
2. Press ENTER for more than 3 seconds.
3. Press PRESET +/– in the display and the Walkman starts scanning the stations from the lower frequencies and stops for about 3 seconds when a station is received.
4. If you wish to preset the received station, press ENTER while the preset number is flashing.
5. The received station is preset on preset number 1 and the unit starts scanning for the next receivable station.

4 Repeat step 3 until all receivable stations are preset.

TO STOP SCANNING

Press RADIO OFF. The radio is turned off at the same time.

NOTES

- If stations are already stored, the new station replaces the old ones when the above procedure is completed.
- If stations cannot be preset automatically, preset stations manually.

PRESETTING STATIONS MANUALLY

1. Press TV/WEATHER or FM/AM.
2. Press ENTER.
3. The frequency digits and a preset number flash in the display.
4. While the frequency digits and the preset number are flashing, tune in to a station you wish to store using TUNING +/–, and then select a preset number using PRESET +/–.
5. While the frequency digits and the preset number are flashing, press ENTER.

NOTES

- If you cannot complete steps 3–4 while the indications are flashing, repeat from step 2.
- If stations are already stored, the new station replaces the old one.
- To cancel the stored station

Follow the procedure above and in step 3, press and hold TUNING +/– until “- - - -” is displayed and select the preset number you want to cancel using PRESET +/–.

Playing the preset radio stations

1. Press TV/WEATHER or FM/AM.
2. Press PRESET +/–.

USING OTHER FUNCTIONS

LOCKING THE CONTROLS

Turn the HOLD switch to the direction of the arrow to lock the controls. This will prevent unauthorized use of the Walkman.

EMPHASIZING BASS SOUND

Press MENU repeatedly to set the cursor to MB in the display. Then, press SET to turn MB (mega bass) on. With each press, the indications change as follows:

MB (mega bass) > enhanced bass sound > no message (off)
