This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

Power Sources

To use the AC power adapter (B)

1. Connect the AC power adapter to an AC outlet.

To use the batteries (B)

Use only the following batteries for your CD player:

- LR6 (size AA) alkaline batteries
- Two Sony alkaline batteries
- LR6 (size AA) batteries

To insert the batteries

1. Open the battery compartment lid inside your CD player.
2. Insert two batteries by matching the B to the diagram in the battery compartment and close the lid until it clicks into place.

Battery life* (approx. hours)

(When the CD player is used on a flat and stable place.) Playing time varies depending on how the CD player is used.

To prevent the CD player from turning off unexpectedly while you are using it, make sure that the ON/OFF switch is set to the ON position.

To check the remaining power of the batteries

You can check in the display.

Replace the batteries when Lo batt*.

Lo batt*.

Beep sounds.

Notes

- The indicator sections of Lo batt* roughly shows the remaining battery power. One section does not always indicate one-fourth of the battery power.
- Depending on operating conditions, the indicator sections of Lo batt* may increase or decrease.

Notes on using the dry batteries

- Be sure to use the AC power adapter.
- When the batteries are depleted, replace both batteries with new ones.

Playing a CD

To insert a CD

1. Slide OPEN to open the lid B.
2. Put the CD to the guide, then close the lid B.

Notes

- This CD player can play CD-DA/CD-R/CD-RWs recorded in the Compact Disc Digital Audio (Audio CD) format, but playback capability varies depending on the quality of the disc and the condition of the recording device.
- This product is designed to play back discs that conforms to the Compact Disc (CD) standard.

Recently, various music discs recorded with copyright protection technologies are marketed by some record companies. Please be aware that among these discs, there are some that do not conform to the CD standard and may not be playable by this product.

To operate the CD player

1. OPEN

- Press once to open the lid B. Press again to close the lid B.

2. HOLD

- Use to lock the controls to prevent accidental button presses.

3. DISPLAY/MENU

- Press once to display "track number and remaining time of the current track."

- Use to enter the menu and select a function.

- Use to enter the menu and select a function.

- Use to enter the menu and select a function.

- Use to enter the menu and select a function.

- Use to enter the menu and select a function.

- Use to enter the menu and select a function.

- Use to enter the menu and select a function.
Playing your favorite tracks by adding Bookmarks

(Bookmark track play)

You can add Bookmarks to up to 99 tracks for each CD. You may also use this function for up to 4 CDs.

To add Bookmarks

1. During playback of the track you want to add a Bookmark, press and hold P MODE until "PGM" flashes (Bookmarks) in the display. When the Bookmark has been added successfully, flashing of becomes slow.
2. Repeat step 1 to add Bookmarks to the tracks you want.

To listen to the tracks with Bookmarks

1. Press P MODE/SEek repeatedly until "PGM" flashes.
2. Press P MODE/SEek Up or Down to select a track.
3. Press Bарат and hold until the Bookmark number appears in the display.

To remove the Bookmarks

During playback of the track with a Bookmark, press and hold Bарат until "PGM" disappears from the display.

To check the tracks with Bookmarks

During playback of the tracks with Bookmarks, keep flashing slowly in the display.

Notes

• Do not playback the tracks with Bookmarks, tracks are played in order of track number, and in the order you added the Bookmarks.

• If you try to add Bookmarks to the tracks on the 6th CD, the last Bookmark of the 5th CD was played back first will be erased.

• If you remove all power sources, all Bookmarks stored in memory will be erased.

Playing tracks in your favorite order (PGM play)

You can program the CD player to play up to 64 tracks in your favorite order. You can also use this function for up to 4 CDs.

1. During playback, press P MODE/SEek repeatedly until "PGM" appears.
2. Press P MODE/SEek Up or Down to select a track.
3. To enter the selected track, press and hold P MODE/SEek until the play order increases by one.
4. Repeat steps 3 and 2 to select the tracks in your favorite order.
5. Press P MODE/SEek to start PGM play.

To check the program

During programming: Press P MODE/SEek Up or Down repeatedly before step 3.

During the PGM play: Press P MODE/SEek repeatedly until "GPM" flashes, then press and hold P MODE/SEek. Each time you press P MODE/SEek, the track number appears.

Notes

• When you finish adding the 64th track in step 3, the first selected track appears in the display.
• If you select more than 64 tracks, the first selected tracks are erased.

Other functions

You can make the following settings using the menu.

The timer function

You can set up to 64 tracks to playback automatically within a range of 5 to 95 minutes at 3 minute intervals. When the 64th track is played and the timer function is activated, the track number flashes in the display.

The G-PROTECTION function

This function has been developed to provide excellent protection against sound skipping during many active uses. *1

Turning off the beep sound

You can turn off the beep sound that is heard from your headphones/earphones at high volume. Hearing experts advise against continuous, loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.

Avoid using headphones/earphones at high volume. Hearing experts advise against continuous, loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.

Considering for others

Keep the volume at a moderate level. This will allow you to hear outside sounds and be considerate to the people around you.

Maintenance

To clean the casing

Use a soft, dry cloth lightly moistened in water or a mild detergent solution. Do not use alcohol, benzine or thinner.

To clean the plugs

If the plugs become dirty, there is no audio or noise to hear. Clean them with dry, soft cloth locally.

Troubleshooting

Should any problem occur, check the display messages for help. See the nearest Sony dealer.

"Hold" appears in the display when you press a button, and the CD does not press.

• The buttons are locked. Slide HOLD back.

The volume does not increase even if you press VOL + repeatedly.

• Press and hold SOUND until "AVLS" disappears from the display.

The battery compartment lid is detached by an accidental drop, excessive force, etc.

• Attach it as illustrated below.

Precautions

On safety

• Should any solid objects or liquid fall into the CD player, unplug it and have it checked by qualified personnel before operating it any further.

• Do not put any foreign objects in the DC IN 4.5 V (external power input) jack.

On power sources

When you want to use the CD player for a long time, disconnect all power sources from the CD player.

On AC power adaptor

• Use only the AC power adaptor supplied. If your CD player is not supplied with the one, use the AC-EB40R AC power adaptor. Do not use any other AC power adaptor. It may cause a malfunction.

Polarity of the plug

• Do not touch the AC power adaptor with wet hands.

• Connect the AC power adaptor to an easily accessible AC outlet. Should you notice an abnormality in the AC power adaptor, disconnect it from the AC outlet immediately.

On dry batteries

• Do not carry the batteries into fire.

• Do not carry batteries with coins or other metallic objects.

• Do not get the positive and negative terminals of the battery accidentally contacted by a metallic solid object.

• Do not throw the batteries into fire.

• Do not use new batteries with old ones.

• Do not use different types of batteries together.

• When the batteries are not to be used for a long time, remove them.

• If the王者 leakage occurs, wipe off any deposit in the battery compartment, and install new batteries in case.

On the CD player

• Keep the lens off the CD player and do not touch it. If you do so, the lens may be damaged and the CD player will not operate properly.

• Do not put any heavy object on top of the CD player.

• Do not leave the CD player in a location near heat sources, or in a place subject to direct sunlight, excessive dust or sand, moisture, rain, mechanical shock, indestructible, or in a car with its windows closed.

• If the CD player causes interference to the radio or television reception, turn off the CD player or move it away from the radio or television.

• Dust with non-sharp objects (e.g., hair, spurt, stuff) cannot be used on this CD player. Attempting to do so may damage the CD player. Do not use such dusts.

On headphones/earphones

Road safety

Do not use headphones/earphones while driving, cycling, or operating any motorized vehicle. It may create a traffic hazard and is illegal in some areas. It can also be potentially dangerous to play your headphones at high volume while walking, especially at pedestrian crossings. You should exercise extreme caution or discontinue use in potentially hazardous situations.

Preventing hearing damage

Avoid using headphones/earphones at high volume. Hearing experts advise against continuous, loud and extended play. If you experience a ringing in your ears, reduce volume or discontinue use.

Consideration for others

Keep the volume at a moderate level. This will allow you to hear outside sounds and be considerate to the people around you.

This warranty is valid only in the United States.

* Operating Instructions for the care kit is enclosed.

This warranty does not cover customer instruction, installation, set adjustments or signal reception problems. This warranty does not cover cosmetic damage or damage due to acts of God, accident, misuse, abuse, negligence, failure to follow the instructions supplied with the product, incorrect current or voltage, or modification of the product.

This warranty also does not cover damage due to improper maintenance or operation, connection to improper voltage supply, or attempted repair by anyone other than by a Sony authorized Service Station. This warranty does not cover Products sold as used or reconditioned.

Proof of purchase in the form of a copy of sales receipt which indicates the date of purchase, the Warranty period must be provided to obtain warranty service.

This warranty is invalid if the factory-applied serial number has been defaced, altered or removed from the Product.

Your rights

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. In addition, if you serviced the CD player with the Service Center with the date of sale, the limitation of how long an implied warranty lasts does not apply to you. This warranty gives you specific legal rights, and you may have additional rights which vary from state to state.
