- **Pre-Program**: Yes
1. 1080p playback requires HDMI™ cable (sold separately) and HDTV with equivalent display capability. Wireless connectivity requires home network with an 802.11 access point (802.11n recommended) and internet connection. Firmware update required for 3D playback. 3D viewing requires 3D content, 3D HDTV and a high speed HDMI™ cable (supporting at least 10.2 Gbps) connection. Other 3D accessories (including 3D glasses) may also be required for 3D viewing.

2. Broadband Internet connection speed of at least 2.5 Mbps recommended (10 Mbps for HD content). Video quality and picture size vary and are dependent upon broadband speed and delivery by content provider. Select content provided subject to change. Premium content may require additional fees, a subscription and/or PC registration. Wireless connectivity requires a home network with an 802.11 access point (802.11n recommended). Streaming personal content and DLNA requires a home network, internet access and content stored on a DLNA compliant PC or server. Firmware update required for DLNA functionality (available July 2010). Netflix requires unlimited membership for feature functionality.

3. Measurements at 3 Ohms, 80Hz – 1 kHz with a THD of 1%.

4. Wireless connectivity requires home network with an 802.11 access point (802.11n recommended) and internet connection. Firmware update required for 3D playback. 3D viewing requires 3D content, 3D HDTV and a high speed HDMI™ cable (supporting at least 10.2 Gbps) connection. Other 3D accessories (including 3D glasses) may also be required for 3D viewing.

5. iPod supported limited to the following players: iPod Nano 2nd, 3rd, 4th, and 5th generations, iPod Classic, and iPod touch 1st & 2nd generation players.

6. Streaming personal content and DLNA requires a home network with an 802.11 access point (802.11n recommended), internet access and content stored on a DLNA compliant PC or server. Firmware update required for DLNA functionality (available July 2010).

7. Requires Internet connectivity. Some disc titles may not be supported by the Gracenote™ service.

8. Requires internet connectivity and use of BRAVIA® Internet Video functionality.

10. 1080p playback requires HDMI™ cable (sold separately) and HDTV with equivalent display capability.

11. Dolby® True-HD and dts®-HD Master Audio requires Blu-ray Disc media with applicable audio format.

12. Requires home network with an 802.11 access point (802.11n recommended) and internet connection.

13. Not all USB devices are supported. Please check Owner's Manual for compatibility. iPod supported limited to the following players: iPod Nano 2nd, 3rd, 4th, and 5th generations, iPod Classic, and iPod touch 1st & 2nd generation players.
