## MP3/ATRAC® CD Walkman® Portable Compact Disc Player with Speaker Stand

### features

- ◆ **Integrated Speaker Stand (Charges Unit)** is an attractive way to make the most use out of desk space
- ◆ **Portable Player/Speaker System with Detachable Main Unit** When not using the included speaker stand to listen to tunes, the CD Walkman® player detaches for use as a stand alone Personal CD player.
- **Plays Back CD-R/RW<sup>1</sup> Discs with MP3/ATRAC3®/ATRAC3plus™ Audio** For customers who already have extensive music libraries, use the included software and hardware to manage, burn and playback their collection of MP3s. ATRAC3plus is an advanced audio compression technology offering multiple bit rates, allowing you to create music compilations tailored to your listening preference with the ability to get up to 490<sup>2</sup> songs on 1 CD-R/RW disc @ 48kbps.
- **Multi-Language Support for LCD Text** Displays information on compact discs that contain encoded text data that can include the artist name, disc name, and/or track name.
- **3-Line LCD** allows for fast and easy identification and location of your ATRAC or MP3 selections.
- ◆ **PC/Audio In for Digital Music Players or PC Input** An exciting new feature that takes music playback beyond tape and CD. It allows simple plug-and-play integration with a digital music device or PC via a 2.5 mm jack.
- **5 Direction Control Key** Single button control with 5 individual functions providing an easy and convenient way to control music and navigation.
- **Parametric Equalizer II** allows the user to set not only the amount in dB by which a certain frequency band is boost or cut, but also the width and/or center frequency of this band. Providing extremely precise control of the tonal balance.
- **Compatible with the Connect™ Music Store** Offers one of the most extensive music collections online. Unique features such as Moodmix, Connect Sets and live radio, make this a choice destination for customers looking to expand their music collection. It's easy to discover, find and purchase single tracks or entire albums. Choose from top hits and tracks from independent artists.
- **Music Management Software Supplied** is easy to use and allows you to create your own ATRAC3plus music file compilations on CD-R/RW media using your PC's CD-Rom drive. The ability to add your own titles and edit your music groups allows for an element of customization in your portable music.
- **Skip-Free<sup>2</sup> G-Protection™ Technology** continues to provide quick recovery from both horizontal and vertical shock.
- **18 Playback Modes/Bookmark Playback Function** offer many predetermined choices in the playback of CDs, including hearing one track over and over, hearing a selection of tracks in a desired order, or listening to tracks randomly.
- **Digital Mega Bass® Sound** uses digital processing technology to produce rich, deep, bass tones with extremely low harmonic distortion.
