ICF-SW100S
World Band Receiver™ Radio Kit

- LW/MW/FM/SW Band Reception
- Digital Tuning
- Synchronous Detection
- 50 Memory Presets
- SSB (Single Side Band) Reception
- 24 City Name/Time Display
- FM Stereo Headphone Jack
- Dual Stand-By, Sleep Timer
- Tone Selector
- Station Name Tuning
- AC Adaptor, Stereo Headphone, Active Antenna, Carrying Case, and Wave Hand Book Supplied
- Powered by two "AA" batteries

Please visit the Dealer Network for more information at www.sony.com/dn

Powered by two "AA" batteries
ICF-SW100S

World Band Receiver™ Radio Kit

features

- **World Time Clock** is a Universal Time Coordinator (UTC) for setting current local time and the time difference between your location and any other, adjustable by setting to the names of major cities around the world.
- **24-City Name/Time Display** has rewriteable function allowing change of cities as desired.
- **Station Name Tuning/Editing** feature provides for tuning and re-naming the display label of stations when they are deleted or replaced.
- **PLL Quartz Frequency Digital Synthesized Tuning** is the world’s most accurate drift-free tuning method and makes tuning-in desired station simple and precise.
- **Dual Conversion Super Heterodyne Tuner Circuitry** provides high sensitivity and interference rejection.
- **50 Station Memory Presets** lets you select up to 50 stations and tune them in automatically at a button’s touch.
- **Auto Scan Tuning** brings in available bands one at a time and lets you listen for a few seconds before deciding to let scanning continue or hold any station.
- **1 KHz Step Tuning** can be set to automatically move up or down the AM and shortwave bands in one kilohertz increments for exact station frequency tuning.
- **Tone/Mono-Stereo Selection** serves dual purposes. In AM it acts as tone selector switch, in FM it functions as Mono/Stereo selector.
- **Dual Clock/Alarm** lets you set the integrated clock to wake you to two different radio stations, and also let you fall asleep to the radio, while shutting itself automatically.
- **Feather Touch Controls** need the slightest touch to activate the radio and select frequencies and functions.
- **LED Tuning Indicator** provides precise indication for most accurate center-frequency tuning.
- **Headphone Jack** allows for FM stereo reception and affords private listening enjoyment and improved sound clarity in noisy environments.
- **DC-In Jack** lets you use the optional AC adaptor to conserve battery life.
- **Ultra Compact Size** lets you ship this lightweight radio into a jacket pocket or a briefcase.

specifications

- **Circuit System:** LW/MW/SW: Dual Conversion Superheterodyne; FM: Single Conversion Superheterodyne
- **Frequency Range:** FM: 76-108MHz; LW/MW/SW: 150-29,999MHz
- **Antenna System:** FM/SW: Telescoping Antenna; AM: Built-In Ferrite Bar Antenna
- **Output(s):** Headphone Jack
- **Input(s):** DC-In, 3V
- **Battery Life (Approx.):** 20 hrs
- **Power Requirements:** "AA" x 2 Batteries (not incl)
- **Output Power:** Speaker 250mW at 8 ohms; Headphone: 5mW at 16 ohms
- **Speaker Unit:** 1 1/2" (40mm)
- **Weight:** 7 3/4 oz (220g) incl batteries
- **Dimensions (WHD):** 4 3/8" x 1 15/16" x 2 7/8" (111 x 24 x 73mm)
- **Color:** Gray
- **Supplied Accessories:** Short Wave Guide Book
  - AC Power Adaptor
  - Power Supplied Active Antenna
  - Stereo Headphones
  - Carrying Case
- **Optional Accessories:** DCC-E130L Car Adaptor
- **UPC Code:** 0272424685730
