features

- **COMPACT AND SPACE SAVING CD CLOCK RADIO**
- ▶ **NEW INNOVATIVE ROUND DESIGN** Attractive design establishes a sleek new look in clock radios.
- ▲ **STYLISH PSYC® ACCESSORY CLIP AND PSYC TAG** presents a striking image for your clock radio and lets you add your own accessories to create your own identity
- **EASY TO SEE CLOCK DISPLAY** Bright large numbers make this clock easy to read.
- **AM/FM STEREO TUNER** lets you choose from the wide variety of radio talk and music programming
- **DUAL ALARM** permits setting two wake-up timers, especially useful for working couples
- ▲ **NAP TIMER** is a separate button which allows you to take a short nap and wake up to radio or buzzer without changing your alarm settings. (You can select your favorite nap time 10/20/30/60/90/120)
- **EXTENDABLE SNOOZE** gives you the freedom to choose your personal snooze time instead of having to settle for the standard time intervals of other alarms; each press of the snooze bar adds an additional 10 minutes to your snooze time, up to a full hour, so with a few quick flicks of your fingertips you can roll over for more uninterrupted sleep without having to reset the alarm
- **BRIGHTNESS CONTROL** allows you to adjust the brightness of the display
- **CD-R/RW PLAYBACK** plays all compact discs including CD-R (recordable) and CD-RW (rewritable); your own compilations from CD recorder deck or PC can be played on the unit, and it provides a great extension of ability to play network audio music from the internet — a perfect companion for your CD music.
- **LARGE 0.9" GREEN LED TIME DISPLAY** is highly readable from a distance, even at night
- ▶ **AVAILABLE IN MOVE BLUE, PULSE RED AND DISCO YELLOW** to suit personal preference or harmonize with room décor.
