Key Technologies

Pick your player 3G certified, compatible with select iPod® or iPhone® models.

Rich, full sound that goes where you do The flip-down tray snugly holds your music player, but easily closes for travel or changing rooms. Stereo speakers with rich bass tones deliver a more complete, enjoyable listening experience.

Charge while you listen Your iPod® or iPhone® will charge while docked to help you avoid a drained battery.

Sensor Touch Controls With the light touch of a button, easily operate multiple functions for personalized listening.

Multiple Sound Modes Select from 5 different sound modes [Flat, Vocal, Rock, Pop, Jazz] for optimum listening pleasure.

Battery Level Indicator For your convenience, a battery life display will appear on the dock when the Menu button on the remote or the unit is pressed.

Enjoy the variety of FM radio programming A built-in digital FM tuner with 20 station presets lets you choose from a wide variety of radio, talk and music programming.
